11 It is a question whether it is necessary to refund any portion of the license fee as proposed. The rates proposed are low and in the case of 3rd class carriages, the amount for a quarter comes to only two annas. In the rules now in force, there is no provision for refunding any portion of the license fee. It seems therefore that the proposed provision relating to refund of a portion of the license fee may be omitted.

Sir,

S Adverting to correspondence ending with your letter No 3959/M1 189-09-5 dated the 11th November 1910 regarding the reduction in the rate of License Fees and the taxation under the Municipal Regulation of hackney vehicles and animals in the City, I have the honour to submit herewith, for favour of sanction, copy of draft amendment to Rule 5 of the Revised Rules for the regulation and control of the hackney carriages, as approved by the Municipal Council at its Meeting held on the 24th Ultimo

2 A notice was published in the Gazette under Section 60(c) of the Municipal Regulation, calling for objections to the draft amendment

3 Four petitions were received objecting to the imposition of animal and vehicle tax on hackney carriages in addition to the levy of license fees, on the ground that the income derived in the profession is precarious as well as fluctuating, that what little the owners get should meet both their family expenses and feeding charges of their animals, that it would be difficult to do so without much inconvenience and that bringing the proposed amendment into effect would prove a hardship to them

4. Taking the very low rate to which the original license fee on hackney carriages has now been reduced, I think the proposed amendment is fair and may be sanctioned
